

# IRONSCALES EMAIL SECURITY HEALTH CHECK

Discover threats hiding in your organization's mailboxes

## Here's how it works:

1

Request a free check via our website

2

Schedule a quick two-click integration via Office365

3

A security specialist will go over the results

The IRONSCALES Health Check tool will scan your organization's emails in Office365 and provide you with valuable insights.

## Why IRONSCALES?

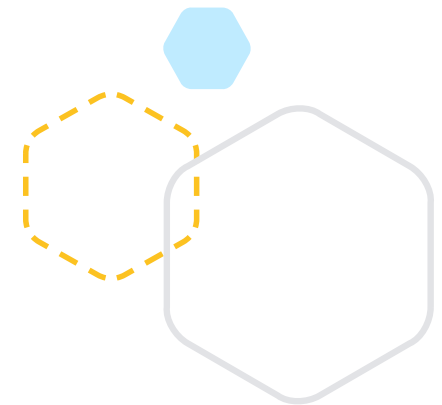

Simple, two-click deployment

Powered by the most advanced AI in the market

Security awareness training is built into the solution
